

Your pathway to UM

ICM offers Foundation (UTP Stage I) and a wide range of International Year One (UTP Stage II) programs.

Undergraduate program list

International Year One (UTP Stage II) is the equivalent of the first year of a UM bachelor's degree program.

Upon completing International Year One (UTP Stage II) at ICM, you will have the opportunity to apply to second year in a variety of UM faculties and, from there, choose your specific major. Please see the University of Manitoba Applicant Information Bulletin for advanced entry for information on how to apply to second-year studies in your specific program.

For details, please go to: umanitoba.ca/explore/undergraduate-admissions/requirements

Make the
Smarter Move

The smarter move starts at ICM

At the International College of Manitoba (ICM), you'll get the support you need to succeed at the University of Manitoba (UM) — a top-tier research university in Canada. With internationally accredited programs, award-winning educators, and affordable tuition, UM offers the best of both quality and return on investment.

At ICM, you'll learn in smaller classes, get customized coaching and build the confidence to thrive at UM. After all, over 90% of students who successfully complete International Year One progress to year two at UM.

ICM's programs offer the opportunity to build friendships, develop new skills and discover your strengths, all while studying on a world-class university campus. That's why over 8,000 international students have chosen ICM as their pathway to UM.

“

ICM helped me find my voice as a leader. Getting involved in student leadership and volunteer opportunities at ICM shaped my university journey in the best way possible. It strengthened my communication, problem-solving, and teamwork skills, all of which have been crucial in my academic and professional life.

TEMILOLUWA OYEWOLE
ICM alumni and UM student
UMSU Black Students' Representative

TOP REASONS FOR CHOOSING ICM & UM

Customized first-year environment

Earn a degree from a top-tier U15 university

8,200⁺

Over 8,200 students have successfully completed ICM

110⁺

ICM has enrolled students from over 110 countries

Gain practical experience while you study

Opportunities to live and work in Canada after you graduate

95%

of UM business Co-op graduates are employed full-time
(Asper School of Business Employment Report, 2024)

17⁺

ICM has been working in partnership with UM for over 17 years

Practical paid work experience

Following ICM completion, you may be eligible to take part in a Co-operative Education (Co-op) Program as a UM student. Co-ops combine classroom knowledge with practical paid work experience to further enhance your skills — and have you career-ready when you hit the job market.

Students who participate in a Co-op program develop networks and career opportunities that help them find jobs quickly and receive higher salaries than students who graduate without such a program.

Top employers in Winnipeg include:

“

Through Co-op, I get a chance to explore my potential career paths, bridge the divide between academics and professional work, and grow my network with people in the industry. Ultimately, I see this as a huge advantage for students upon graduation.
